

## **The First Church**

Are flowers up from the ground at your house? They are at mine and they smell so sweet.

The “NEW “ church was like one of the flowers awakening from the ground. God had to be so happy to see people learning from the disciples.

People asked questions about this “NEW “ way of worshiping and they learned about God and Jesus. How their lives would be different by following “ GOD’S WAY “

it was a big job for the Disciples to teach so many different people who believed so many different ways of living and doing things. The Disciples prayed to God for help and guidance with their mission.

We need to remember:

Pray  
Ask forgiveness for our sins  
Be willing to give forgiveness  
Care and Love one another  
Thank God and Praise God for all things in our lives.

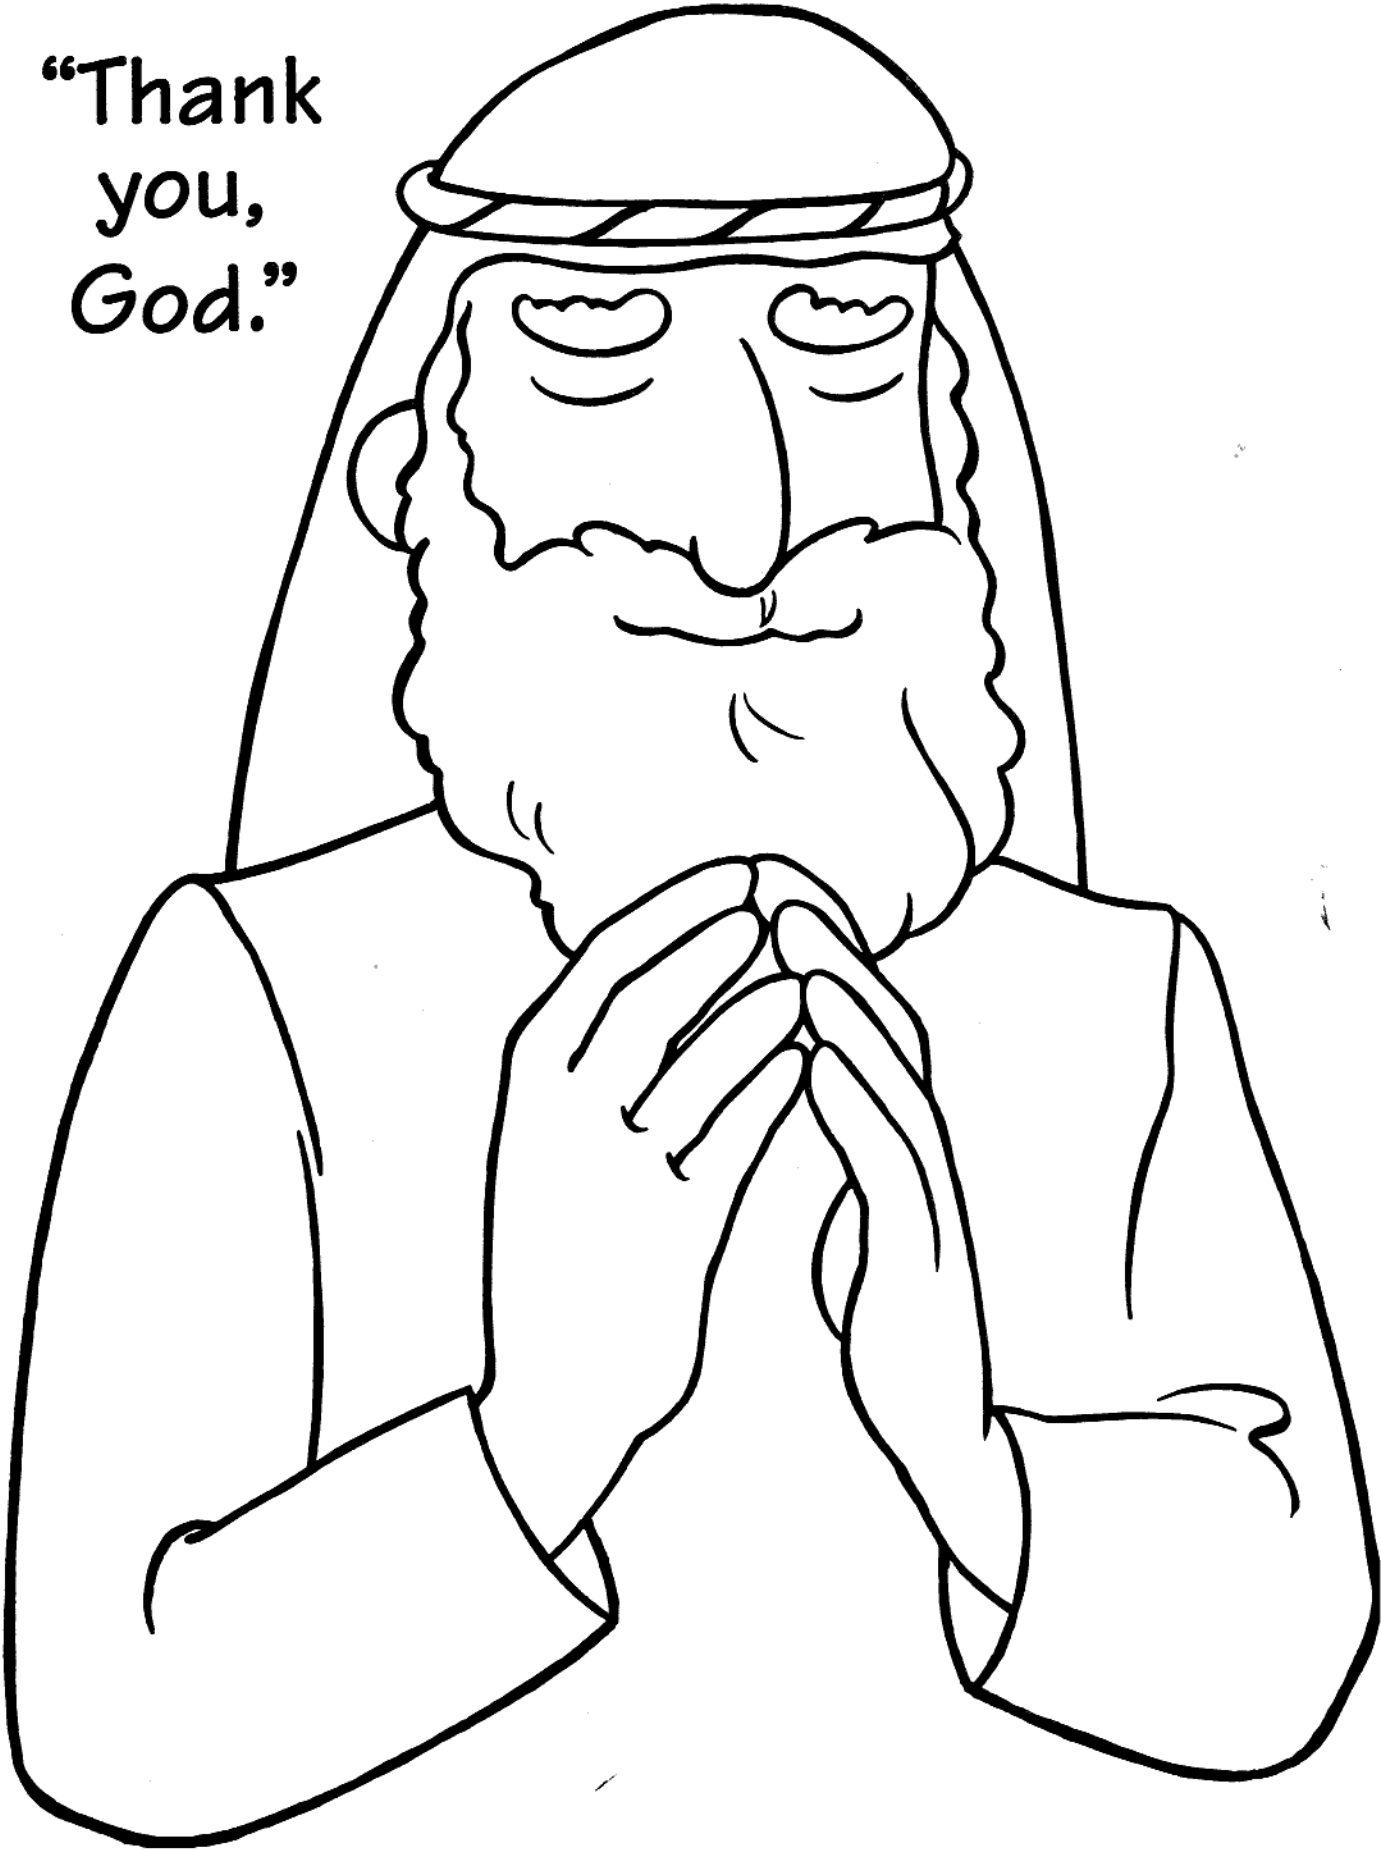

This week when you pray at night before bed I would like you to pray for one person whom you have never prayed for before. Thank God for something that happened that day.

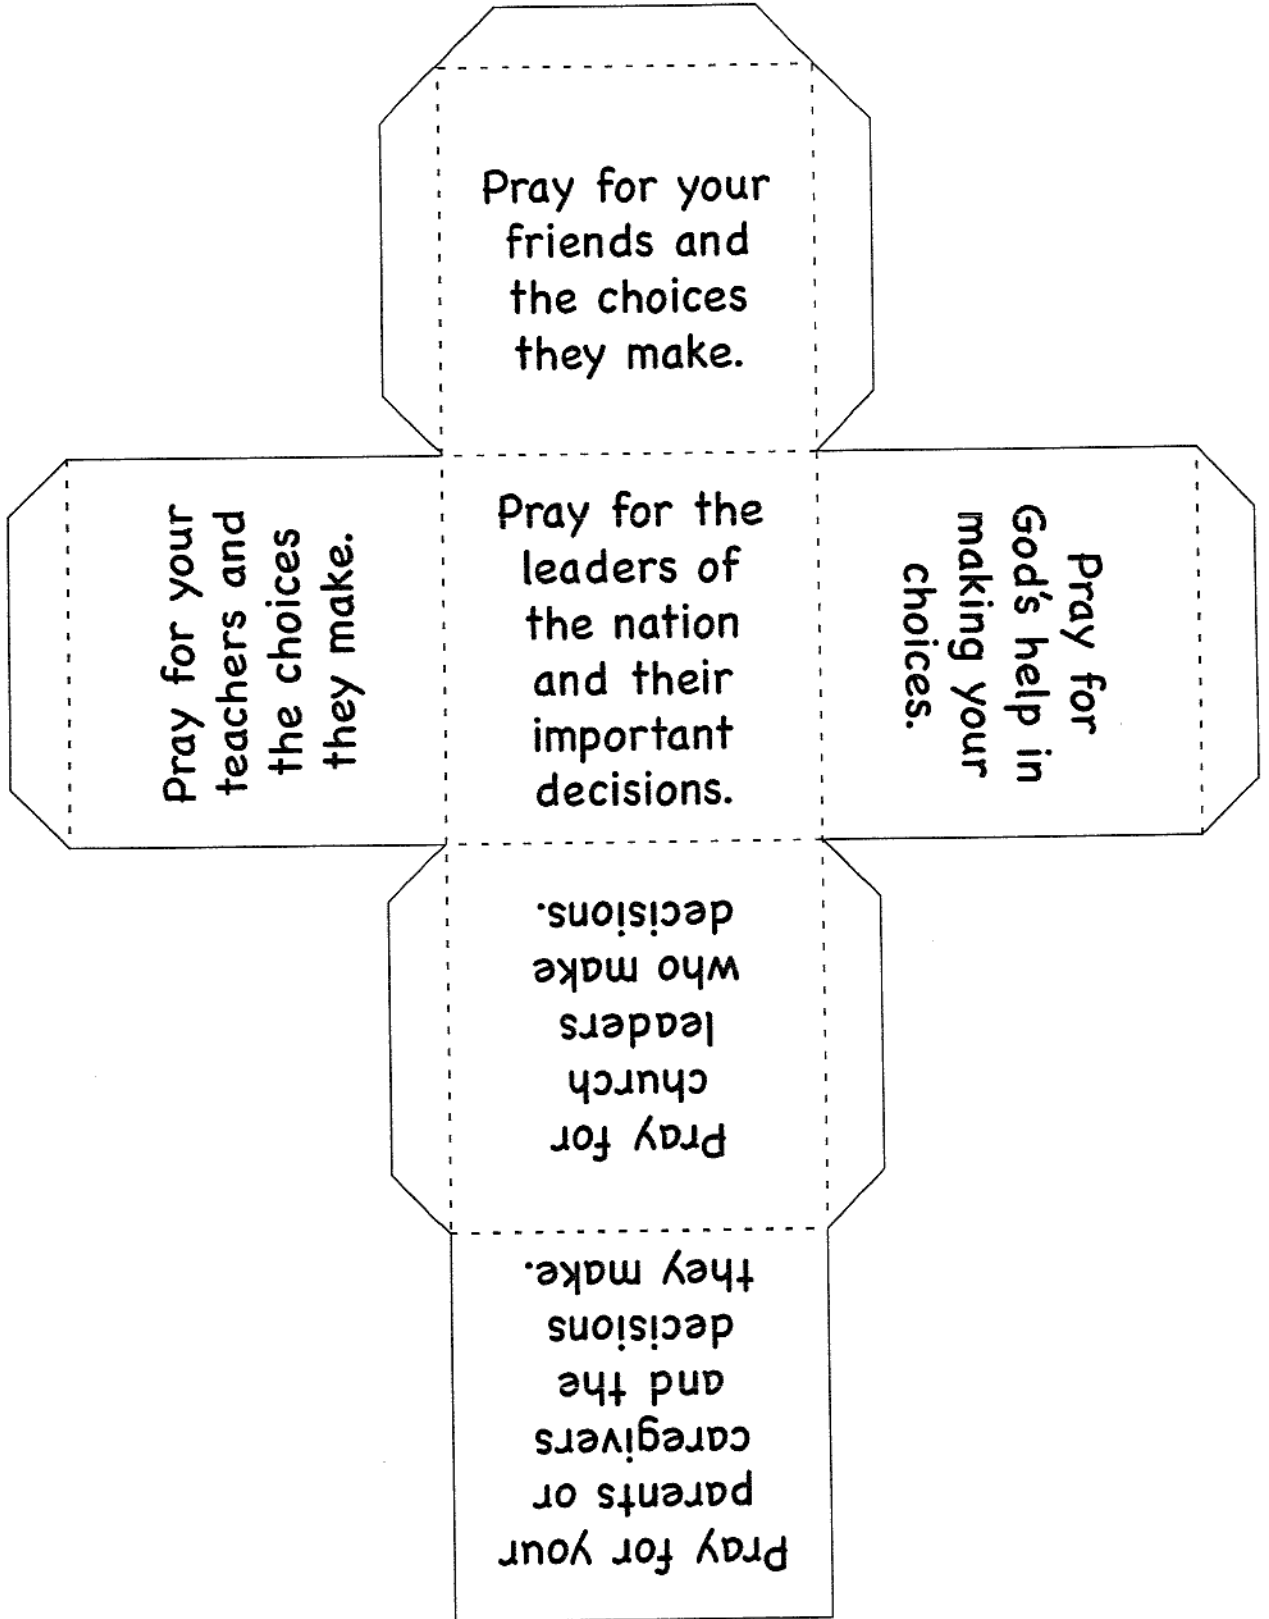

We will be remembering all of you in our prayers.

God Bless

Miss Lynn and Miss Lisa
