

Dear Children:

I hope you greeted the New year with health and happiness.

In your bible we are doing the story of the coming of the 3 Wise men. Some stories call these men Kings and some give their names but, all of the stories talk of the Wise men following a star in the sky. Coming to worship the birth of Jesus – new born King-.

Can you imagine getting in your car and just following a star in the sky. You could only travel at night when the stars were visible, you would have to sleep during the day.

These Wise men had to have a great trust in God to follow this star, to keep going when they were tired and the way was lit only by this star. There were no signposts or roads to tell them how to get to the place where Jesus was born. Do we travel that way now.? We always have a map or GPS or directions of some kind. These Wise men had only the shining star and their belief that it would lead them to the correct place.

That was a very powerful Trust in God that they had.

We need to trust God to lead us in the path that He would want us to go. We need to believe that God is leading us to the correct place we are supposed to be.

This site has a sing along about the kings and a craft for you to try:

<https://preschoolforrookies.blogspot.com/2013/12/bible-study-generosity.html>

Your story also talks about the Wise men seeing King Herod first and then finding Jesus. The bible does not tell us how old Jesus was at the time the Kings found him. It does tell us that one of God's Angels told them not to tell King Herod anything so they went home a different way and did not see King Herod again.

This again speaks of the great trust and belief these wise men had in God. To have an angel visit them and tell them what they should do and they trusted this angel was from God and did as they were told.

We must learn to have such trust and belief in God and what He wants us to do.

You trust your mom and dad to take care of you, and teachers and the people around you to teach you about things in this world . You must learn to TRUST GOD with all of your being.

Have a great week and remember to say your prayers, love and give smiles to all those around you.

Blessings Love,

Miss Lynn
