

Hi Everyone,

This will be a busy week for you! Start your walk with Jesus by reading “A Captain’s Faith” and “A hole in the Roof” in your bible. Both stories show how much Jesus loved and cared for other people. He was teaching the people by showing them how to behave. This is how God wants us to be.

How does your family show love and care to each other and to others? Make a card by folding a piece of paper in half. On the inside put a large smile or smiley face. Decorate the smile and make a decoration on the outside of the card, and then send this to someone you love and care about. Make more than one card to send the smiles, and make God smile too.

On Tuesday read “Jesus calms the storm.” Download reading lesson 7 for your child. For supper have the meal listed under family fun and talk about storms, how scary they can be and what we may do during bad storms. What did Jesus teach about this? Color your picture of Jesus in the boat and always remember how much you are loved.

On Wednesday and Thursday, read from your Bible about the “2 Miracles.” Think about how long 12 years is! Then Jesus heals you and wow it feels like a “Miracle.” Jesus heals Jairus’ daughter too. Parents are so sad when their child is sick, and so happy when their child feels better. Download the picture lesson 13 of Jesus by the girl’s bed. You can color the picture and talk about the questions with your family members. Don’t forget to try the Family Fun activities as well.

We all get sick sometimes and we all want to feel better. Download the get well door hangers and decorate them while you think and talk about health and what it means to be “Healthy.” Keep one of these hangers and when someone in your family gets sick, you can hang it on their bedroom doorknob until they feel better. It can help them to remember that they are loved. Send the others to someone you know and love so they can use it when needed. Jesus is teaching people to be kind, loving and caring toward each other.

On Friday and Saturday read the story “A fishermen’s net.” How can we be a good fish or a bad fish? Make a list of all the ways you can be a “good fish.” Were you a good fish this week? Remember to be a good, kind, and loving person, and God will smile. You will be a good fish just like Jesus taught. Have a wonderful week.

Love and Blessings,

Miss Lynn

Today I learned...

Lesson 7

Jesus can
do anything.

Today your child learned that Jesus can do anything. Children learned that Jesus calmed a raging storm at sea. They talked about how Jesus helps them when they're afraid.

Verse to Learn

"With God everything is possible"
(Matthew 19:26b).

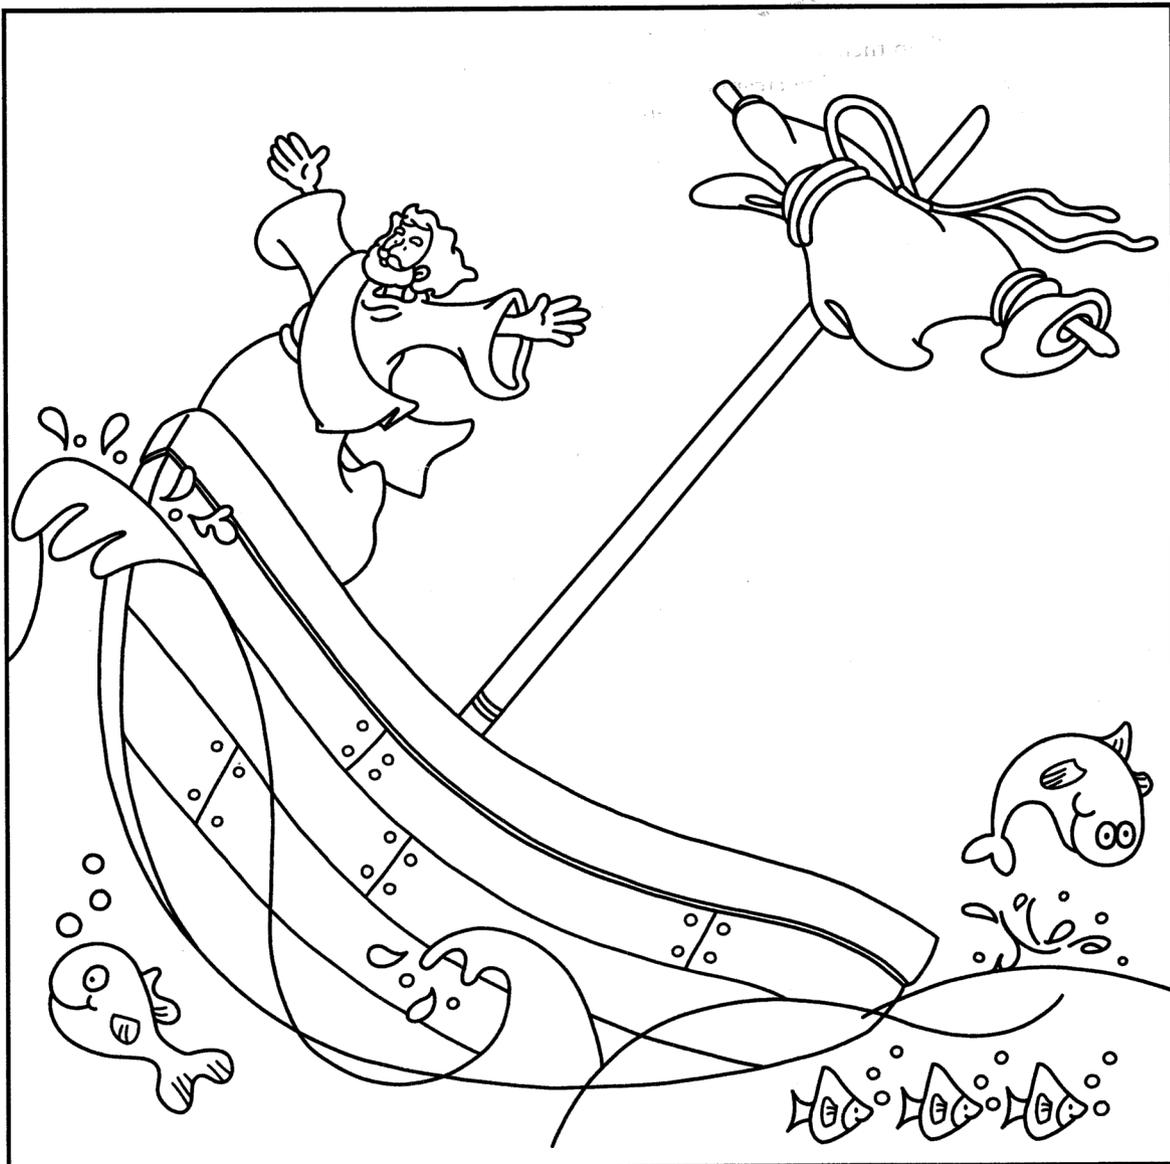

Ask Me...

- What happened with Jesus and the disciples during the storm at sea?
- How does Jesus help you when you're afraid?
- How can our family ask for Jesus' help?

Family Fun

- Let your child help make a delicious breakfast to share with the family. Serve triangular toast "boats," rippling bacon "waves," and fluffy scrambled-egg "clouds." During your meal together, share the story of Jesus calming the sea. Then close with a family prayer asking Jesus to calm your family for the coming day.

Jesus Calms the Storm (Mark 4:35-41)

Today I learned...

Jesus is with us
when we're sad.

Today your child learned that Jesus is with us when we're sad. Children heard that Jesus healed Jairus' daughter and made Jairus very happy. They thought of ways they could cheer up sad people, too.

Verse to Learn

"I am with you always" (Matthew 28:20b).

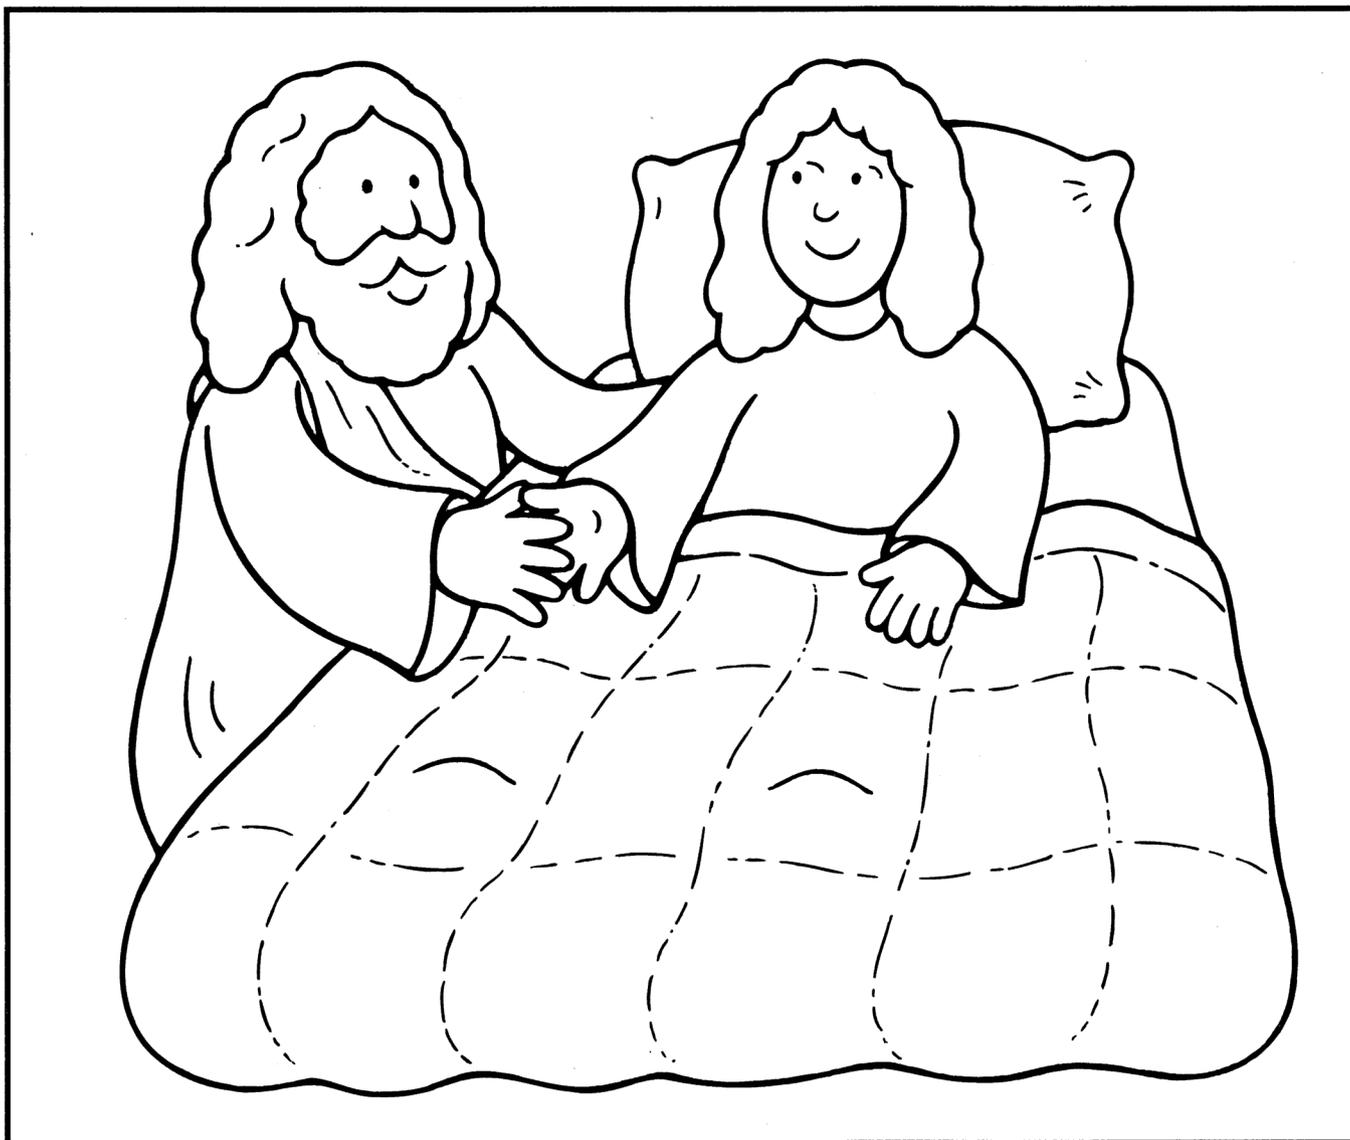

Ask Me...

- What did Jairus want Jesus to do?
- How does Jesus comfort you when you're sad?
- Why does God want our family to help people who are sad?

Family Fun

- Fill a jar with brightly colored candies, and set it on the dining room table. When family members are sad, invite them to take two "Happy Candies" along with a hug.
- When your family is feeling down, cheer everyone up with a Frown Contest. Have everyone make silly, frowning faces, and see who can hold it the longest without laughing.

Jesus Heals Jairus' Daughter (Luke 8:40-42, 49-56)

Get Well!

Photocopy the handout, and cut out the door-hanger patterns. You'll need one door hanger for each child in your class.
